TEN CENTS PER WEEK

POLICE PUZZLED BY STRANGE CASE OF MANY ALIASES

Prisoner Says He is Army Deserter When Charge is Made Against Him.

Called Smith, Jones, Thomas and Caudle.

FALSE PRETENSE IS ALLEGED

In the arrest of a young man, believed to be a deserter from the army and a general crook, by Patrolman Tube Owen, the police department has a puzzling case on hand. The man is known by many aliases, and the police have been unable to learn definitely his first name. He was arrested on a charge of converting the money of another to his own use, and the warrant was sworn out for Smith or Jones, but Patrolman Owen was given the name of Virgil Thomas. Detective Lige Cross hustled about, and an alleged crook told the detective that the man's real name was Frank Mullin, alias Snow, and that he was a man to be watched. To add to the confusion of names, Patrolman Owen led the man to jail. Before the prison was reached, Patrolman Owen was taken into the man's confidence and he told his real name was Eliza Caudle. Since the police are bewildered with names it is uncertain, but he is called Caudle now. Caudle is alleged to have sold Clyde Torrence a wheel for \$2, and later it developed that it was not Caudle's wheel. A warrant was issued for his arrest, and he was caught yesterday afternoon. He appears brighter than the average crook but the police believe they have a strong case against him. The police were investigating the clue that he was a deserter, and this morning Caudle said he was a deserter, and said he enlisted in the army at Columbus (O.) barracks, and was in the Twelfth battalion. A telegram has been sent, asking if it is true, as it may be a scheme of Caudle to avoid being sent to the penitentiary for obtaining money by false pretenses. Caudle is a young fellow, and has been in Paducah for several weeks. He came to Paducah with a woman and they have lodged on Clay street this morning they were not married. Pending the arrival of the information from army headquarters the police will investigate Caudle's record.

Bryan's Congratulations

Lincoln, Nov. 5.—Bryan telegraphed Taft: "Please accept congratulations and best wishes for the success of your administration."

BLIHU ROOT WILL BE CHIEF JUSTICE IF HE WISHES IT

New York, Nov. 5.—A great fight for senator is promised as to Taft's successor. Joseph Choate, General Horace Porter, Congressman Herbert Parsons and J. Sloan Fassett, former Governor Black and State Chairman Woodruff and E. H. Butler, owner of the Buffalo News, are avowed candidates. Root is expected to get into the race unless he is appointed chief justice of the United States supreme court. It is understood Taft will make the appointment if Root will accept.

WEATHER.

FAIR.

Fair tonight with temperature below freezing. Friday fair and rising temperature. Highest temperature yesterday, 58; lowest today, 31.

Monument to Gen. George Rogers Clark Unveiled This Afternoon at Fort Massac Near Metropolis

Fifty Excursionists From Paducah Attend Ceremonies—Descendants of Clark Family Present.

Paducah is represented by fifty citizens at the unveiling ceremonies of the monument erected at Ft. Massac, Metropolis, in honor of George Rogers Clark. The unveiling ceremony was held at 2 o'clock this afternoon at Fort Massac park. The Paducah delegation went to Metropolis on the George Cowling this morning at 10 o'clock and will return this evening at 6:30 o'clock. The Paducah chapter, Daughters of the American Revolution, attended the ceremony in a body and the Paducah chapter was entertained at dinner by the Metropolis chapter D. A. R.

Mrs. W. G. Whitefield and Mr. George C. Wallace, great-great niece and great-great nephew of George Rogers Clark, attended the unveiling. Those who went to Metropolis from here were: Mesdames Eli G. Boone, James Baldwin, Edward Bringham, Mary Boswell, L. S. Dubois, Armour Gardner, George B. Hart, David G. Murrell, Laura Mitchell, Sallie Morrow, Nancy Moore, M. B. Nash, Edmund M. Post, Roy McKinney, S. B. Phillips, Luke Russell, Hubbard S. Wells, I. O. Walker, Hal Walters, T. E. Holland, Paul Province, Dr. Della Caldwell, Misses Mattie Fowler, Mary Edna Martin, Anne Sherrill, Elsie Caldwell, Emily Morrow, Mildred Terrell and Harry Williamson, and Messrs. Eli G. Boone, Dr. D. G. Murrell, Rev. S. R. Moore, W. G. Whitefield, Capt. J. A. Williamson, Major J. H. Ashcraft, Dr. Harry Williamson and H. S. Wells.

The unveiling was performed by Miss Beatrice Chouteau Turner, a great-granddaughter of General Clark. Governor Deneen, Secretary of State Rose, Senator Helm, Prof. Blair of the University of Illinois, and the Rev. T. D. Lattimer are on the program. Several hundred members of the Illinois State D. A. R. went to Metropolis from Jacksonville, where the annual meeting was concluded yesterday.

CABINET FOR TAFT BEING OUTLINED BY POLITICIANS

Washington, Nov. 5.—The annual cabinet states, which invariably follow the election of the new president, are making their appearance, and political wisecracks are busy in forecasting the names of those who will make up President Taft's official family. Of course there is no authoritative ground whatever for the mention of specific names in connection with the new cabinet, as Taft has not given the slightest intimation of his intentions, so far as can be learned. However, one of the first to appear makes these suggestions:

Secretary of State—Elihu Root.
Secretary of the Treasury—Myron T. Herrick, of Ohio, or A. H. Hepburn, of New York.
Secretary of War or Attorney General—Lake Wright.
Postmaster General—Frank M. Hitchcock.
Secretary of Commerce and Labor—W. P. Hepburn, of Iowa.
Secretary of Agriculture—James S. Wilson.
For the navy and interior departments the names of Senator Crane, of Massachusetts; Charles F. Brucker, of Connecticut, and John Hays Hammond, of California, are mentioned.

Farmers' Union Meeting.
Mr. R. L. Burnett, secretary and treasurer of the Kentucky State Farmers' Union, will leave tomorrow for Webster county, where he will speak Saturday at a county union meeting. November 9 he will leave for Laurel county and will organize a county union. It will be two weeks before Mr. Barnett will make an address before the Farmers' Union meeting at Lone Oak.

Gott Claims Election

A mistake was made in tabulating the vote received for county judge by Henry Houser and Sam Gott. It is claimed and that the majority on the face of the returns is 31 for Houser. On account of the vote being so close it will take the official count to decide. The count will be made tomorrow if Judge W. A. Berry, who is chairman of the committee, is able to be out.

FIRST COLD WAVE REACHES PADUCAH ---DOWN TO 40

The first cold wave of the season arrived in Paducah on time as scheduled by the weatherman. It was not any surprise as yesterday afternoon the wind was chilly and it grew colder steadily until the mercury dropped to 26. This is the coldest this autumn, as the low record was 10 degrees, but Jack Frost was here in force. Ice was formed on the ponds and gutters about the city and many cooks found a thin scum of ice in the kitchen this morning.

The cold wave came from the northwest and was predicted by the weather bureau, but tomorrow by noon relief is promised. Mr. William Horneman, the local weather observer, says there are no indications of rain although early Wednesday morning there was a slight rainfall. One-tenth of an inch was registered by the government instrument.

Overcoats were worn today, while the football players drew a deep breath and looked as if they wanted to charge. The coal dealers took the change agreeably, and not one has kicked.

Want to be Senator

Cleveland, O., Nov. 5.—Congressman Burton announced his candidacy for senator. Vorvys, Taft's manager, also is a candidate. It is believed Charles Taft, brother of the president, will enter the race.

Bardwell Loses Suit

Frankfort, Ky., Nov. 5.—(Special.)—The court of appeals decided the city of Bardwell must send back to the Southern Engine and Boiler works the engine which it got to run the city electric plant and then refused to pay for on the grounds that the engine was defective and that they had already exceeded its constitutional indebtedness.

NO TEACHER MAY BE APPOINTED TO DEPARTMENT WORK

It is doubtful whether the school board will elect a successor to Prof. Frank Cheek, who resigned last week, as the treasury is not full. When seen this morning Superintendent J. A. Carnegie said that the reduction of one teacher hampers the work, and it was necessary to drop two studies in the departmental work. Miss Emma Acker, who has been teacher in drawing and music, has met Professor Cheek's classes in history, civics and physiology. The absence of a man to have charge of the boys on the grounds is annoying to Superintendent Carnegie. Prof. W. A. Sugg is busy with classes and is unable to be on the grounds at recess. The school board met Tuesday night, but adjourned until next Tuesday night.

No School at Whittier.

No school was held in the first grade of the Whittier school today owing to the discovery of a second case of diphtheria among the pupils. The children were dismissed and the school officials immediately began the work of fumigating the room to prevent it spreading. Dr. H. P. Sights, city health officer, assured Superintendent Carnegie that there would be no danger tomorrow, and the session will be resumed.

Political Felicitations

Postmaster Fisher today received advice from Speaker Cannon's private secretary that Cannon's majority would go over 10,000 in his district. Postmaster Fisher wired National Chairman Hitchcock, who is a personal friend of his, as follows: "Frank H. Hitchcock, New York. You are the greatest ever." FISHER. Hitchcock replied yesterday: "Frank M. Fisher, Paducah, Ky. Thanks for your congratulations." HITCHCOCK.

BUSINESS BOOMS IN WHOLE NATION AFTER ELECTION

Railroads Place Orders With Steel Mills and Factories Resume Operation.

Orders Contingent Upon Taft's Election.

IMMIGRANTS ARE COMING IN

New York, Nov. 5.—Post election business activity is reported throughout the country. Manufacturers are preparing to fill big orders. The United States Steel company agreed to reduce the price of steel rails from \$28 to \$24 a ton. Railroads therefore promised to place immediate orders. The Pennsylvania shops at Pittsburg put on a full force for the first time in a year. The American and Bolt Works announced a 20 per cent increase in wages.

The Clark Mill and Thread Works, at Newark, will begin operating full time Saturday. Ten metal factories at Plainfield, N. J., will resume Monday.

Taft Helped Some.

St. Louis, Mo., Nov. 5.—The election of Taft has made good orders for dry goods from wholesale houses here amounting to over a million dollars. About half of these orders go to the American Print company, Fall River, Mass. The goods were ordered some weeks ago, but all contracts carried a proviso that they were to be void provided Bryan carried the country. Leading dry goods men here estimate that the orders to eastern houses within the next few days will run away up into the millions, as they have been holding back in all lines through fear of the demoralizing effect of a Bryan victory.

Stimulates Emigration.

Rome, Nov. 5.—The election of William H. Taft to the presidency has produced general satisfaction. The dispatches announcing his success were at once communicated to King Victor Emmanuel, the pope and the duke of Abruzzi. The general opinion is that Mr. Taft's election will mean the continuous of stability and a revival of business. In view of this belief many thousands of Italian laborers expect to emigrate to America.

Deep Waterway Bonds

Chicago, Nov. 5.—The constitutional amendment, allowing Illinois to issue bonds to build the deep water way apparently is carried.

Chicago Party Coming

Thirty members of the Chicago Association of Commerce will make Paducah a neighborly call next Monday morning. They will arrive at 7:45 o'clock in the morning and leave at 1:35 p. m. for Fulton and a week's tour through the south. The delegation from Chicago is composed of business and professional men, who convey kindly greetings of Chicago to their neighbors in the south. The Commercial club will have a committee to meet this delegation at the train and show them the city and a royal good time.

SHOP FORCE CUT DOWN FOR WINTER ---SHORTER HOURS

Following the usual custom the force of the Illinois Central railroad shops will be reduced 25 per cent tomorrow morning, and the time reduced to eight hours a day. The reduction and layoff is an annual one, and it has been expected for some time. Notice was received late yesterday afternoon that beginning Friday morning the car, machine and boiler departments would run eight hours a day instead of nine hours. This morning Master Mechanic J. H. Nash announced that a reduction of approximately 25 per cent would be made, which will mean that about 200 men will be thrown out of work.

There is plenty of work in the yards to keep the men busy as the short force last winter and spring allowed the repair work to accumulate. In the round house on the running repairs there will be no decrease, and the department will continue to work ten hours a day. The orders from Chicago do not make any explanation and all that the local officials could do was to enforce them.

DEMOCRATS SEEK NOMINATION FOR FOUR YEARS HENCE

St. Paul, Nov. 5.—The re-election of Governor Johnson for his third term is probable and the removal of Bryan as a presidential possibility, caused Johnson's friends to start his boom for 1912. They believe the Democrats will flock to Johnson's standard at the next convention.

Culbertson's Friends.

Austin, Tex., Nov. 5.—A boom for Senator Culbertson for the Democratic nomination in 1912 is started. Friends are determined to push him at the next convention.

DREW STARRETT BROUGHT HOME FOR TREATMENT

Mr. Drew Starrett, who was stationed in the left arm and back several times last Saturday in a fight at Hixville, Ark., was brought to this city today and taken to the home of his brother, Mr. George Starrett, 242 Ashbrook avenue, Mechanicsburg. Mr. Starrett, who is 28 years old, is in a serious condition.

Morse-Curtis Jury Out.

New York, Nov. 5.—The Morse-Curtis jury, which retired last night, is still out at 2 o'clock and it is believed it has not agreed.

Greek Invokes Law

Will Greek, a pop corn and peanut vendor, appealed to Magistrate Emory this morning to assist him in recovering a push cart that had been stolen from him by another Greek and shipped to Indianapolis. The machine had been shipped to Greek from Chicago and the bill of lading stolen by someone who reshipped the cart. An order was granted ordering the railroad company to return the property here.

CUSTODIAN OF COURT HOUSE IS WANTED BY COURT

The selection of a custodian of the court house and manager of the county heat and light plant was deferred by the fiscal court in adjourned session today on account of the absence from the city of Jaller Baker. It is hoped that an arrangement will be made with the jailer to take the place hereafter. The selection of a custodian is made necessary under an act of the last general assembly, which gives the fiscal courts of counties in which there are first and second class cities control of the county court house and the power to elect a custodian.

Aside from the regular routine business the court rescheduled the order that the Layne road be graveled this fall because of a misunderstanding between W. S. Gholson, the contractor, and the owner of the gravel pit where the gravel was to have been procured. A new contract for gravel could not be obtained and the work done before winter, so the order was rescinded.

The court ratified contracts made with W. L. Layne to gravel one mile and a half of the Potter shop road at 6 1/2 cents a foot and with Henry Seher to gravel the same distance of the Lovelockville and Florence station road at the same figure.

Iowa 70,000 for Taft.

Des Moines, Nov. 5.—More complete returns indicate that Taft's plurality in Iowa exceeds 70,000, about 6,000 more than given McKinley in 1896, and more than the normal Republican plurality.

TAFT CARRIES MISSOURI BY SMALL MAJORITY---HADLEY SCORES SWEEPING VICTORY

Other State Offices in Doubt and Stone Defeats Folk in Senatorial Primary.

HARMON ELECTED GOVERNOR OF OHIO BUT THE LEGISLATURE WILL NAME REPUBLICAN SENATOR

Remainder of State Ticket is Republican---Liberal Element in Cities Defeated Harris in Revenge.

St. Louis, Nov. 5.—By latest returns Taft apparently carried Missouri with 18 counties out he has a lead of nearly 100. Other counties are expected to increase this plurality. Hadley is elected governor by between 15,000 and 20,000. Both sides claim the rest of the state ticket. Republicans have the better chance. The legislature is in doubt, Democratic probably by small majority on joint ballot. Stone leads Folk by 1,500 for the Democratic senatorial nomination. McKinley leads Kerous 13,000.

The returns today are so meager they are not being tabulated, and neither Bryan nor Taft will have a thousand majority. The official count may be needed. The Democrats claim ten in the legislature and the Republicans admit eight. Stone and McKinley are winners in the senatorial primary. Hooker, Democrat, wins in the Fourth congressional district.

Republican Senator in Ohio.

Columbus, O., Nov. 5.—Harris and the Republican committee concede the election of Harmon, Democrat, for governor. The rest of the state ticket is Republican. The legislature is safely Republican. The liberal element defeated Harris, who signed the local option bill. The regular session of the legislature meets in January, 1910. Foraker's term expires in March, 1909. Republicans are planning having Governor Harris call a special session the coming January to elect Foraker's successor; so Harmon cannot appoint him.

Taft Wins in West Virginia.

Wheeling, Nov. 5.—The latest returns indicate Taft's majority in West Virginia is over 20,000.

The Result in Illinois.

Springfield, Nov. 5.—Almost the full figures are in and show Deane's majority is 20,000. Taft's is about 125,000.

Taft Leads in Maryland.

Baltimore, Nov. 5.—Latest returns show Taft is still leading in Maryland by 146. The official count is begun and will be required to decide.

Bryan 10,000 in Kentucky.

Louisville, Ky., Nov. 5.—(Special.)—No news was received from the state this morning to change the vote in Kentucky. Bryan's majority is a little over 10,000 and there is no doubt about Bennett and Langley.

Warner Wins.

Detroit, Nov. 5.—Returns practically complete indicate that Warner, Republican, won by 10,000.

Change in North Dakota.

Fargo, N. D., Nov. 5.—Latest returns indicate a change in the estimated outcome. Johnson, Republican, apparently overcomes Burke's, Democrat, lead for governor. It probably will require the official count.

Taft by 130 Votes.

Baltimore, Md., Nov. 5.—The political pendulum has swung once more and on the face of unofficial returns Taft has carried Maryland by 130 votes.

Every precinct in the state has been heard from, and from but about a dozen the full figures on Taft and Bryan have been received. From the others have come as stated, the pluralities for one or the other as figured by the local correspondents. Using these figures, Taft's vote in state and city combined is 111,258 and Bryan's 111,117. In the city, with all the precincts reported on, Taft has 50,882 and Bryan 49,082, giving the city to the former by just 1,800. But here again the official count may change the apparent result.

While the Maryland delegation in congress remains unchanged in political complexion, it is changed in personnel. Kronmiller (Rep.) replaces Wolf (Dem.) in the Third district, and Covington (Dem.) succeeds Jack (Rep.) in the First.

Nebraska Democratic.

Lincoln, Neb., Nov. 5.—The returns are sufficiently definite to confirm and emphasize the first report that the Democrats have made a sweeping victory in Nebraska. Bryan will have a plurality of not less than 10,000, and Shellenberger, Democrat, for governor, and the balance of the Democratic ticket, about the same. At least four or probably five of Nebraska's six congressmen are Democratic, only one Republican, Hulsehaw, in the Fourth district, being assured of escaping defeat.

The greatest surprise is the overwhelming majority the Democrats will have in the legislature. Of the 133 senators and representatives elected only 18 are Republicans.

Bryan Likes Nebraska Result.

While not eager to discuss at this time the political effect of the Democratic victory in his home state or analyze the causes, Bryan in a formal talk to a number of friends who called on him, expressed pleasure at the result in Nebraska and the satisfaction it afforded him to learn of the election of so many of his political friends.

"My heart has never been set on holding office," he said, "but I wanted to do certain works, and it looked

as though the presidency might offer opportunity to do that work. I am sure that in private life I can have a chance to do something. "Personally I shall find as much joy in being out of office, if the returns show I must be, as I would be in office. I hope still to be of influence to bring about needed reforms."

West Virginia for Taft.

Parkersburg, W. Va., Nov. 5.—A plurality of about 4,500 for Gliscock, Republican, candidate for governor, was practically conceded at Democratic state headquarters at 9 p. m., based on reports received from 30 counties in the state, together with estimated pluralities for the remaining 16 counties. The headquarters at 9:30 p. m. had been deserted by all the members of the state committee.

Johnson is Re-elected.

St. Paul, Minn., Nov. 5.—Based on the returns from half the state, indications are that Governor Johnson will have a majority of at least 25,000.

Plan to Name Republican.

Columbus, O., Nov. 5.—The election of a Republican to succeed Foraker to the senate is assured by the returns indicating that the Republicans have carried the general assembly by a substantial joint majority. The plan to have Democratic governor-elect, Harmon, name a senator to serve from the expiration of Foraker's term in March next until regular session of the assembly will be held, was upset when it was disclosed that the Republican plan is to ask Governor Harris to call a special session before Harmon's term begins, for the selection of Foraker's successor. This could be called so the term of the legislature can begin January 1, ten days before that of the new governor.

A Radical Change.

Indianapolis, Ind., Nov. 5.—The radical change in Indiana's representation in the national house was the most striking feature of the election. The latest unofficial returns give the Democrats eleven members and the Republicans two, a gain of seven for the Democrats.

Taft carried the state by about 3,000. Thomas H. Marshall and the entire Democratic state ticket will probably be elected by 15,000. The legislature will probably be Democratic successor to Senator Harmon way will be chosen. In this connection the name of John W. Kern is mentioned.

Republican State Chairman Goodrich admitted that the Republicans lack two votes of having a majority on joint ballot. Three districts are still doubtful, but favor the Democrats.

News of Theatres

"Human Hearts."
The melodrama success announced at the Kentucky, matinee and night, Saturday, deals with a story that tempts the heart interest from beginning to end. In Logan, an honest young blacksmith in the Arkansas hills, falls in love with and marries a reformed audience woman. The dull country soon falls on her. She accidentally meets her former lover and "pal," without any just cause they conspire together to ruin Tom and kill him if necessary. The woman entices him while her accomplice conceals him. The father of Tom responds and is mistaken for the young blacksmith. He is fatally stabbed by the ashamed man. Tom, coming out to where his father is, is accused of the murder. He is dually sentenced to that charge. But his friends ultimately establish his innocence and he is released. Retribution overtakes his villainous and murderous accusers. No play of its kind possesses a stronger plot or more sensational incidents. The serious element is mingled with comedy, forming a combination that never fails to touch.

FINE FOOTBALL GAME YESTERDAY

Only Score Was Made on Safety Play.

Chess, Checker and Whist Club Defeat the Union University Team.

CLEAN AND FAST WORK DONE

With a display of good speed and material strengthening of the line and back field the Chess, Checker and Whist Club warriors won from the Union University players of the Union University at Jackson, Tenn., yesterday afternoon at League park by a score of 2 to 0. The game was the first and cleanest played on the Paducah gridiron this year. Time was not taken on once and there was not one squall among the players to disgust the crowd. It was football all the way with the plays being worked with the same one minute and played in the hands the next. Both teams had good players and both teams made good plays, although the ball was in possession of the Chess team more often. Nothing was looking to make the game one of the best of the season. The teams were nearly even in weight; both trained to the minute and full of confidence. The weather was cool enough to put spirit in the players, and the excitement kept the crowd from being cold. A wind from the north made punts uncertain, and the team defending the north goal had an advantage. Both teams made frequent use of bootlegging to get out of tight places. Ward the Union punter, proved a more accurate tooter than St. John for the Chess team. Ward's punts saved him team several times as the ball went low and for good distances.

The only score was made near the middle of the first half. The Chess team had pushed the Union team down the field, and the eleven were on the ten yard line in the northeast corner. Union university had the ball and Anderson took the ball for an end run. He ran back and Fisher knocked him over his own goal for a safety.

Captain Sights has recovered from his injured shoulder, and was in the game for the first time this season, playing right half, and his playing made many gains. Fisher was shoved in right tackle, and he tore up the line frequently, and made the only score, besides carrying the ball well. St. John played his usual good game and made good gains through the line and around the end. He had his luck with his punts as several went out of bounds. Shannon in full back was a consistent ground gainer, and hit the line hard. Bagby and Elliott at the ends did good work, and tackled well and ran down punts. Cope in quarter played an excellent game. He ran the team well, but his dodging was a failure, and he pulled the team out of several tight holes.

The University players. For the university players. Boone did stellar work in left tackle. In the second half he broke through the line and broke up plays several times. Ward's punting was a feature of the game. Anderson and Ward had tough luck in getting away for gains, and frequently they were dropped in their tracks behind the line. Captain Johnson at center played a creditable game.

Captain Johnson chose to defend the north goal, taking advantage of the wind. Anderson for Union University kicked off to Sights, who advanced it several yards before he was dropped. St. John carried the ball through the line for a gain, and Sights repeated the trick. Shannon bucked the line for a gain, and St. John was given the signal for a wide end run in which netted 15 yards around right end. Sights made a gain around left end, but C. & W. was offside, and was penalized five yards. St. John punted out of bounds and the ball was given to Union.

Anderson was downed behind the line, and Ward failed to make over a yard. Ward punted to Cope, who by good dodging ran the ball back ten yards. With the ball the Chess team lined up and Shannon booted through the line for a gain, and Sights carried the line for a gain. Swerving from line bucks, Sights threw a pretty forward pass to Elliott for a gain of 12 yards before Elliott was dragged down. Sights went through tackle for five yards, and Haches made a yard on a play through right tackle. The Chess team was within 20 yards of the Union goal, and there were repeated calls for a touchdown. St. John gained, while Fisher plowed through the line for three yards. Both Shannon and St. John made small gains. The Chess team was penalized five yards for holding. St. John made a yard gain, and Fisher followed with five yards. St. John made another yard, but the ball went over to Union on downs.

Anderson was snapped the ball and started around right end, but Fisher jumped through the line and carried him back over the line for a safety, and the score was: C. & W. 2, Union University, 0.

The ball was kicked out, but a forward pass to Elliott was missed, and C. & W. was penalized 15 yards. Bagby was offside, and another five yard penalty was added. St. John punted out of bounds, and it was the Union's ball near the middle of the field. Anderson was dropped before he started, and Union punted. Bagby got the ball. Bagby failed to catch a forward pass, from Sights and the penalty was given. St. John went around left end for a gain. St. John punted but the wind carried it back, and Cope caught the ball. Failing to make ten yards it was Union's ball. Farmer made two yards, while Baker lost because of a good tackle of Elliott. The half was over with the ball in fifteen yards of the Union goal.

In the second half Ward was put in fullback, and Houser was placed in right half. Farmer retreating from the game, Sights kicked off to Houser, but was dropped after a few steps. Houser took the oval for an end run and made a small gain. Houser bucked the line for a yard. Anderson punted, and Sights returned the ball. Sights carried the ball around left end for eighteen yard gain. Shannon made a small gain. St. John went through for two yards and Sights four but the ball was lost on downs. Union took the ball, but Houser lost on an end run. Union was forced to punt, and Cope caught the ball. St. John, Fisher and Sights made gains on the plays in quick succession, and Shannon placed the ball in one foot of the goal. Calls for a touchdown were made, but the ball was dropped by Cope and it was Union's ball. Union punted out of danger to Elliott. Cope tried quarter back run, but the Union players broke through. Cope nearly dodged three tacklers and made a slight gain after a loss seemed certain. Sights made a minor gain on a long run, and a forward pass to Elliott failed.

The Chess team was compelled to punt, but Elliott fell on the ball. On a neat fake kick Cope was given a forward pass for a gain of five yards. Shannon made 15 yards, Sights a few feet, and Fisher followed for 12 yards. St. John was thrown for a loss twice in succession by Boone tearing through the line. Both teams exchanged punts, and the ball went to the C. & W. Cope fumbled, but fell on the leather. Bagby went around the end, but the ball went to Union.

Martin, on a fake kick, made a long pass, but it hit the ground and the punter was given. Both teams resorted to punting and the game ended with Sights making a gain.

The teams lined up:
C. & W. Union
Elliott RT Prescott
Fisher RT Baker
Houses RT Kauffman
Shannon LG Johnson
Truheart LG Martin
Hughes LT Boone
Bagby LT Elliott
Cope QB Jackson
Sights RH Ward
St. John LH Anderson
Shannon PH Farmer

The officials were: Harris, referee; Tigrett, umpire; Hoke and Callahan, linekeepers; Jones, head linesman.

The Union University team arrived yesterday afternoon at 1:15 o'clock and left this morning for Jackson, Tenn., at 7:50 o'clock.

From a \$500,000 Bakery

Picture in your mind a \$500,000 bakery, with white tile ovens. With all the baking rooms on the TOP floor—flooded with sunlight and pure air.

Can you imagine any but the crispest, the purest, the daintiest biscuit coming from such a bakery as that?

EV-R KRISP BISCUIT—5c

are made in that very bakery—\$500,000 spent to improve their quality, yet not an extra cent of cost to you!

EV-R KRISP BISCUIT at your grocer's in moisture-proof, triple-sealed packages—5 cents.

Simply risk a nickel to try them.

Then let the biscuits, themselves, by their taste, their crispness, their daintiness, decide whether or not they are better than all other biscuits.

See how many you get for 5 cents.

The Guinea Pig Righted.

In an article in County Life in America on guinea pigs, rabbits and fancy rules, describing a breeding hobby that has sprung up three years in this country, Mr. Claude H. Miller incidentally clears the fair name of guinea pigs from two false impressions generally current.

"Guinea pigs," he says "are interesting not only for what they are but for what they are not. Their name is a misnomer, since they are neither pigs nor natives of Guinea, their origin probably being South America."

Another. In spite of a popular humorous book on the subject, and a still more popular impression, guinea pigs are not very profitable, usually breeding but twice or three times a year, with from one to three in a litter.

"I diagnosed all my cases from the patient's eyes," said a doctor, emphasizing not only for what they are but for what they are not. "Their name is a misnomer, since they are neither pigs nor natives of Guinea, their origin probably being South America."

S.S.S. NATURE'S CURE FOR RHEUMATISM

The conditions and causes which produce Rheumatism all suggest a healthful vegetable remedy as the surest and safest cure. The disease is brought about by the accumulation of uric acid, an irritating, pain-producing property in the blood. This causes a weakening and souring of the circulation which then becomes unfit for nourishing the body, while the deposits of uric acid in the nerves, muscles, joints and bones produce the pain and agony of Rheumatism. To treat the trouble with medicines containing potash or other strong minerals, is simply adding another poison to the already weak, diseased blood, sapping it of its remaining vitality, and perhaps in the end making a physical wreck of the sufferer. The one safe and only cure for Rheumatism is S. S. S. It is nature's remedy for this disease, made entirely from healthful vegetable ingredients extracted from the roots, herbs and barks of the forest and fields. S. S. S. goes down into the blood and removes every trace of the cause of Rheumatism, cleanses and purifies the circulation, and restores health and comfort to those who are suffering from this painful disease. There is but one way to be sure you are not dosing your system with mineral medicines, and that is to take S. S. S. Look on Rheumatism and any medical advice free.

HOW IT MIGHT HAPPEN. V.

Here is a catastrophe that would not happen if drivers of vehicles would not drive rapidly out of a cross street and across the tracks. A driver was asked once what he did all day. "Sometimes I sit on the seat and think" he said "and sometimes I just SIT." Caution your driver to think—and listen and look—and go slow—when he comes out of a cross street to go over the car tracks.

There would be no excuse for you if you read this and forgot it. What apologies would you make to the dead horse?

THE REAL CAUSE.

The Ancient Scap-Fever Theory Exploded.

At one time dandruff was attributed to the result of a feverish condition of the scalp, which threw off the dried cuticle in scales.
Professor Unna, Hamburg, Germany, noted authority on skin diseases, explodes this theory and says that dandruff is a germ disease.
This germ is really responsible for the dandruff and for so many bald heads. It can be cured if it is gone about in the right way. The right way, of course, and the only way, is to kill the germ.
Newbro's Herpelide does this, and permits the hair to grow luxuriantly, just as nature intended it should.
Sold by leading druggists. Two sizes, 50c and \$1.00 bottle. Send 10c in stamps for sample to The Herpelide Co., Detroit, Mich.--R. W. Walker Co., Special Agents.

DeWitt's Kidney and Bladder Pills are unequalled in cases of weak back, backache, inflammation of the bladder, rheumatic pains, Antiseptic and act promptly. Sold by all druggists.

QUARTERLY CONFERENCE IS HELD AT LONE OAK.

D. J. W. Backlund, presiding elder of the Paducah district Methodist churches, held the final quarterly conference for the year at Lone Oak yesterday. The charge made a fine college eleven, just a star attraction showing in their reports. The Rev. G. T. Sullivan, pastor of the Broad-way Methodist church, preached the sermon at the morning hour.

Parishioner (a little worse for liquor)--I hearth you preach last night.
New Minister--You didn't hear much, I fancy.

Daily Thought.

Virtue alone is the unerring sign
of a noble soul.—Pocleau.Bryan carried Kentucky by Par-
ker's plurality.The result of Governor Wilson's
visit to Calloway county is apparent
in the county primary.

NOW FOR BUSINESS.

The election is over, and the next
few months will see reports of com-
mercial and industrial undertakings
that will surprise the people of the
land. It was a matter of strange
comment during the last six months,
that though there was a panic and
money was tight, prices did not break
and the wage scale was upheld, while
resumption seemed slow. Because the
panic did not destroy the banks and
the substantial commercial houses,
did not result in working men living
on charity, people concluded that this
election did not interfere with busi-
ness.It was the approaching election
with its uncertainty that made money
tight through the summer and pre-
vented resumption. Now and then
some large project was broached, and
the rumor was forgotten without any-
thing coming of it. Last fall opera-
tions were stopped in the very midst
of great undertakings, because men
did not know how far the crash
would reach. It was checked and the
corner turned toward better times,
but it was an election year.A month before the election orders
were given conditional on Taft's
election. That some of these were
intended to impress the recipient with
the importance of the issues in un-
questionable, but they only em-
phasized the apprehension of those
who gave the orders. Now the
situation is cleared, so far as danger
of a change in the policies of the gov-
ernment and the experimenting with
new theories are concerned, the win-
ter is before us, and plans for work
when the spring opens may proceed
in safety.The year of 1909 will mark the be-
ginning of an era of resumption and
progress unexampled. The policy of
improving trade relations with South
America and the Orient and the en-
couragement of the American mar-
ine will be carried forward, giving
us a more extended market abroad,
while the home market will require
the renewed output of factories and
mines for many a day to come.

NOW, JUDGE, GO FOR THEM.

If he finds comfort in popular en-
dorsement, Judge William Reed
should feel encouraged to proceed to
punish night riders in this district.
No one, of course, would for a mo-
ment consider Mr. John G. Miller a
night rider sympathizer, or believe
that he would stoop to the least com-
promising attitude to attract the sup-
port of the organization; but there
was a distinct division in the district
between the night riders and the law
and order elements in the race, the
night riders desiring to make an ex-
ample of Judge Reed, and the law
and order element anxious to hold up
his hands in the battle for the estab-lishment of good order. To say that
the result would have been otherwise
had not this issue become so promi-
nent would be doing Judge Reed in-
justice; but Mr. Miller was unfortu-
nate in his selection of a time to run
for circuit judge. Mr. Lovett's race
was more or less affected by the
same issue, and the people out-
side the district, who do not know
as the people here do, the sterling
character of Mr. Puryear, will regard
Mr. Lovett's election as a sign of re-
turning sanity.

ENFORCING LAWS OF HEALTH.

Dr. H. P. Sights, as health officer,
swore out a warrant for a physician,
who failed to report a contagious dis-
ease as required by law. Nobody
knows, better than do the doctors,
how important it is that cards be
displayed on houses containing con-
tagious diseases, and that the health
authorities be kept constantly in-
formed of the nature and extent of
epidemics. The lives, not only of
their patients, but of the whole city,
and the city's commercial welfare are
in the hands of the physicians. It
may be that the family does not wish
the fact known, but even the physi-
cian owes a higher duty to the com-
munity than he does to any one in-
dividual in it, especially when the
individual demands the gratification
of a mere whim, and the law de-
mands protection for human life.It is not a pleasant duty for a pro-
fessional man to so proceed against
a brother in the profession. The
physician should support the health
department in this enforcement of
the law. Dr. Sights is not doing this
thing because he likes to and because
it gives him any pleasure. He is giv-
ing him time to the city's welfare and
performing his duty conscientiously,
and eventually Paducah will be
brought up to a plane of sanitation
equal to that of the most favored
communities, if the city court and
the citizens co-operate with him.

THE NEW LEADERS.

The result of the national election
politically might be termed the re-
demption of the Republican party by
a casual observer; but it really is an
indication of the vitality and elasti-
city of the dominant political party.
Since its organization the party has
seen much development and expan-
sion of the country, unavoidable con-
tact with foreign nations and irre-
pressible nationalism. Colonial pos-
session thrust upon us by a war
of humanity; guardianship of South
and Central American states assumed
to protect the Monroe doctrine; trade
relations abroad, especially in the
Orient with its complex questions;
prolific development of corporate ag-
gregations by reason of sudden trade
expansion and the perfecting of ma-
chinery; and the necessity of curb-
ing unlawful avarice, and improving
means of internal commerce to meet
the demands for cheapness and rap-
idity of interchange; the construction
of the Panama canal, and the meet-
ing of new questions, which an awak-
ening of public conscience have pro-
duced—all these matters have sprung
up for solution in the last forty years.
There are among the Republican
leaders older statesmen, like Cannon
and Aldrich and Foraker, who look
on things as they used to be; who
remember political battles of the long
ago, and when they study conditions
do not understand that the public has
changed. They are dealing with a
new generation.Such men naturally clashed with a
character of the Roosevelt type. His
ways to them were ways of error.
They only hoped that when his term
expired he would be succeeded by
some one they could understand. He
hoped to see the policies he set on
foot perpetuated and enforced. They
clashed over the nomination, and
when Taft won some of them never
became reconciled. Those men fur-
nished all the ammunition used by
the Democrats in the national cam-
paign, and when Taft was elected, it
was not Bryan so much as the re-
actionaries in the Republican party
who were defeated. As The Sun
stated in the beginning, the real issue
was the Roosevelt program, and the
senate would have regarded Taft's
defeat as a repudiation of the policies
of the administration. The old lead-
ers were really as much opposed to
Taft as Bryan was and there were
practically three parties, as to the
issue.While the older statesmen were
clinging to the old ways and old
theories, a distinctly new element
was growing in strength in the sen-
ate. It is composed of Beveridge,
Indiana, La Follette, of Wisconsin,
and men of their stamp. The result
of this election has been to win Ohio
away from Foraker, and with the
election of a Democratic governor,
perhaps, maybe to send members of
Cox's Cincinnati gang to the penitenti-
ary. In Indiana Fairbanks' senator,
Hemenway, is retired, to be succeed-
ed by a Democrat; Congressman
Watson, a Fairbanks candidate for
governor, is defeated; and all his
other henchmen in the lower house
are beaten.In New York, Hughes, a fair type
of the progressive statesman, is elected
governor, and a legislature will
choose a successor to Tom Platt, re-
moving another barnacle.
In Iowa Governor Cummins, an-
other of the new style, will go to the
senate; and Missouri has elected
Hadley, Republican, a reformer, gov-
ernor, while Minnesota returned Gov-
ernor Johnson to the executive chair.
Tammany's treachery to Bryan, it
is said, will result in Bryan Demo-
crats in New York, supporting a Re-
publican administration in that city,
and Blackwell's Island may become
the abiding place of some members
of the worst band of political cut-
throats outside the city of Philadel-
phia.
The year was critical for the Re-
publican party and the country; butthe party, safely launched in the cur-
rent of progress, made the bend in
the river and continues to represent
the same, conservative element of
the nation. What the next fight will
be it is not difficult to surmise; but with
the character of leaders in the nation,
we have no fear of the attitude of the
dominant party in the government.

have had their hulls and cabins re-
paired and are in first-class condition.
The Clyde will be made ready to en-
ter the Tennessee river packet trade
next week.Capt. Ed Pell, of Paducah, who has
been on the Mississippi river boats,
is in the city and will go out on the
Saffilo when she arrives from St.
Louis tomorrow.

WORRY.

One who could rid the world of
worry would render greater service
to the race than all of the inventors
and discoverers that ever lived.We Americans pity ignorant sav-
ages who live in terror of their cruel
kinds, their demons which keep them
in abject slavery, but we ourselves
are the slaves of a demon which
blasts our hopes, blights our happi-
ness, casts its hideous shadow across
all our pleasure, destroys our sleep,
mars our health, and keeps us in
misery most of our lives.This monster dogs us from the
cradle to the grave. Unbidden it
comes to the wedding and funeral
alike. It is at every reception, every
banquet; it occupies a seat at every
table.No human intellect can estimate
the unutterable havoc and ruin
wrought by worry. It has forced
genius to do the work of mediocrity;
it has caused more failures, more
broken hearts, more blasted hopes,
than any other one cause since the
dawn of the world.What have not men done under
the pressure of worry? They have
plunged into all sorts of vice; have
become drunkards, drug fiends; have
sold their very souls in their efforts
to escape this monster.Think of the homes which it has
broken up; the ambitions it has ruin-
ed; the hopes and prospects it has
blighted! Think of the suicide vic-
tims of this demon! If there is any
devil in existence, is it not worry,
with all its attendant progeny of
evils?Yet, in spite of all the tragic evils
that follow in its wake, a visitor
from another world would get the
impression that worry is one of our
dearest, most helpful friends, so
closely do we hug it to ourselves and
so loath are we to part from it.—

Magazine.

IT CITES TAFT'S FINE RECORD

London, Nov. 5.—The press of
London regards the election of Wil-
liam H. Taft as a matter for general
and world-wide congratulations, as it
"insures the continuance of a policy"
which has been greatly approved in
England."The policy which Mr. Taft has in-
herited," points out the Standard, "is
in a large measure accountable for
the leap to the front made by Amer-
ica in recent years, and her present
position as a power among the pow-
ers is due, to an unusual extent, to
Mr. Taft's labors in close alliance
with President Roosevelt."After expressing the belief that Mr.
Taft already has proved himself a
very strong man, the paper says it
confidently anticipates a fruitful pre-
sidential term for him and then de-
clares:"Englishmen must rejoice in the
thought that the friendship between
Great Britain and America, which
President Roosevelt placed on a surer
footing, gives promises of being in-
creased and further assured under
the new administration."

Victory for the Man.

The Westminster Gazette regards
the success of William H. Taft as a
victory of the man rather than of a
policy."Mr. Taft in his admirable record
of administrative efficiency, has shown
himself safe, shrewd and resourceful,
while Mr. Bryan never recovered in
the popular esteem from sowing his
wild oats on the silver question. We
have yet to see what would happen
in the United States if a really pow-
erful man were to appeal boldly to
the radical instincts of the masses
against the domination of the wealthy
men in the eastern states. Mr. Hearst
reserves that role to himself."

Looks for Hearst.

Pursuing the same idea, the Globe
expresses the opinion that the defeat
of Mr. Bryan has cleared the way for
Mr. Hearst to obtain a presidential
nomination in 1912, either as the can-
didate of the Democrats or "some
more extreme and more powerful or-
ganization, springing from the ruins
of Democracy."

The Globe considers that the world

at large may heartily congratulate
itself on the election of Mr. Taft.
"Mr. Taft," this paper declares, "is
known to favor the development of
that good understanding with Great
Britain which his predecessor did so
much to foster."

German Press Satisfied.

Berlin, Nov. 5.—Newspapers gener-
ally greet the election of Taft with
satisfaction and journals read by well
informed commercial classes publish
eulogistic reviews of Taft's career,
with expressions of confidence in the
coming administration.

Paris Is Glad.

Paris, Nov. 5.—The news of the
election of Taft was received with
great satisfaction in the business
world of Paris, where it is considered
certain to usher in a new era of pros-
perity in America. French financiers
already are showing more interest in
American investments, and they be-
lieve the effect will be most impor-
tant. Published comments are all in-
favorable. That Taft's election means
the continuance of the policies of
Roosevelt, but in a less strenuous and
sensational manner, is the general
opinion.

Russians Liked Taft.

St. Petersburg, Nov. 5.—The elec-
tion of Taft is popular in Russia, for
the people were favorably impressed
by the ability, gentility and straight-
forwardness of the future president,
as evidenced during his stay in this
city.

Austrian Papers Comment.

Vienna, Nov. 5.—The majority of
the Austrian newspapers welcome the
election of Taft as a promise of a cau-
tion and progressive administration.

Concerning Drug Stocks!

A large, well selected stock enables us to supply the wants of a greater number of people and those more promptly than if we were handicapped by a small incomplete stock. We find our big stock a very great aid in filling prescriptions, too, enabling us to give what the doctor orders without the delay of sending out for it. Furthermore, we can often make very low prices on goods in quantity lots.

GOLD GUNS MELTED.
Costly Weapons of An Indian Prince Converted Into Bullion.

I learn with profound regret (writes a correspondent) that H. H. the Maharajah Gokwar, of Baroda has melted down and converted into bullion the celebrated gold and silver cannon of Baroda. I say "with profound regret" for sentimental reasons.

Of these costly but useless toys, the silver guns were the inspiration of a former Gokwar. In order to "go one better" than his predecessor, the late Gokwar (he who was charged in 1875 with the attempted murder of Col. Phayre), had the gold guns cast and mounted at a cost, it is said, of £100,000. They reposed in the state armory and were the wonder and admiration of all visitors to the capital.

On state occasions, however—such as coronations, marriages, etc.—the gold and silver guns were always brought out to take part in the procession. They were "horred" by teams of magnificent white oxen, which were fittingly compared, I. e., in cloth of gold for the gold guns and cloth of silver for the silver guns.

The native gunners and drivers regarded their charges as sacred and the writer has seen offerings of rice, fruit, fowls, etc., deposited upon the muzzles of these weapons (?) in the Baroda barracks. Such offerings have now had their day and ceased to be.

For the present, Maharajah-Gokwar happens to be a man of both practical politics and practical economy, and he would not maintain the "guns" for a merely sentimental reason.—Westminster Gazette.

CAPT. WADE BROWN READY TO SURRENDER OFFICE.

Captain Wade Brown, the efficient city jailer, is preparing to turn the office over to Patrolman James Clark. In a few days will vacate the jailer's residence and move to 1545 Trimble street. Captain Brown will be a witness in several cases on the docket in federal court. After federal court is over Captain Brown and Deputy Jailer T. L. Roeder will leave for Texas on a sightseeing trip. On his return Captain Brown will return to the river, as he holds an engineer's license.

'Possum Hunting on Train.
"Possum hunting on a train is something new, but last night Flagman W. O. Robertson, of the Cairo train, accomplished the feat. The train left Paducah at 6:15 o'clock and when the train reached Barlow, Flagman Robertson stepped on the platform. He stepped on the 'possum before he knew it. The animal was frightened, and the flagman had it in a box in a jiffy. The 'possum was given to Andy Hall, colored porter on the train, and he promised to have a big supper of 'possum and taters for the train crew.

How Irving Wanted to Die.
Ellen Terry, in her account of her last visit to Henry Irving, says that she asked him what he had got out of life. In McClure's Magazine she tells how he answered her.

"What have I got out of it?" said Henry, stroking his chin and smiling slightly. "Let me see. . . Well, a good cigar, a good glass of wine—good friends—." Here he kissed my hand with courtesy. Always he was so courteous—always his actions, like this little one of kissing my hand, were so beautifully timed. They came just before the spoken words, and gave them peculiar value.

"That's not a had summing up of it all," I said. "And the end. . . How would you like that to come?"

He repeated my question lightly, yet meditatively too. Then he was silent for some thirty seconds before he snapped his fingers—the action again before the words—

"Like that!"

"Truth is stranger than fiction," remarked the man with the quotation habit.

"Yes," rejoined the statesman who had been posing as a campaign target, "and even more dangerous."—Chicago News.

Danderine

Grows Hair
and we can
PROVE IT!

DANDERINE is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exuberating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

A lady from St. Paul writes to substance, as follows:
"When I began using Danderine my hair would not come to my shoulders and now it is away below my hips."
Another from Newark, N. J.
"I have been using Danderine regularly. When I first started to use it I had very little hair, now I have the most beautiful and thick hair anyone would want to have."

NOW at all druggists in three sizes 25c, 50c and \$1.00 per bottle

Danderine enjoys a greater sale than any other one preparation regardless of kind or brand, and it has a much greater sale than all of the other hair preparations in the world combined.

FREE To show how quickly Danderine will restore a thinning hair, we will send a large sample free by return mail to anyone who sends this free coupon to the NEWINGTON DANDERINE CO., CHICAGO, ILL., with their name and address and 15c in silver or stamps to pay postage.

Englishwomen in Canada.

The Englishwoman who has exulted herself from the social middle at home because she felt powerless to help; who has learned that things are worth while; who values health and leisure, freedom from worry and sweet country air above all that this city has to give, can have them all in Canada and feel that she is holding them out at the expense of others, but with the toil of her own hands.—Woman Worker.

KEYNOTE OF ANNUAL ADDRESS OF STATE REGENT.

Illinois D. A. R. Hold Annual Session At Jacksonville—40,000 Members in State.

Jacksonville, Ill., Nov. 5.—Nearly every county in Illinois was represented here at the opening exercises of the twelfth annual state convention of the Daughters of the American Revolution, held in the music hall of the Women's college.

Mrs. C. V. Hickox, state regent, of Springfield, called the meeting to order and responded to the address of welcome by Mrs. E. E. Crabtree, of this city. Mrs. Crabtree referred to the fact that Jacksonville had given to Illinois three governors, Joseph Duncan, whose daughter was the organizer of the local chapter of the D. A. R.; Richard Yates, Sr., and Richard Yates, Jr.

Home of Noted Men. She said the state was also the home place of William J. Bryan, Benjamin Harrison, one of the eight surviving brigadier generals of the civil war, and of Colonel John J. Hardin, of Mexican war fame, whose daughter, Ellen Hardin Walworth, is a member of the national association. She also referred to Rev. Jonathan Spelman, a graduate of Illinois college here who composed the world-famous song "Flow Gently, Sweet Afton."

Mrs. Hickox spoke of the work in Illinois. There are thirty-six chapters with a membership of 60,000. In referring to the fact that the meeting was held on election day, Mrs. Hickox said:

"The eyes of the civilized world are centered upon this wonderful country of ours. No matter to which the victory falls, the necessity exists of educating the countless thousands who are crowding our liberty-loving shores."

Urges Entry Into Politics. Mrs. Alice Bradford Wiles, a leading Chicago club woman, was called upon for an address. Among other things she said:

"The politics of the past was the history of the past, the politics of today is the history of today. Let us encourage our sons and daughters to enter politics and make history. Not times in politics today."

"There always is a hot time in politics. The Lincoln-Douglas debate is witness to that fact. We need more such debates. Let us be as familiar with the politics of 1776 as of 1908."

The address was followed by greetings from Mrs. Charles H. Deane, vice president general of the D. A. R., Mrs. S. W. Jamison, state regent of Virginia, and Mrs. Ellen Hardin Walworth, of New York.

"I had half the young men in town for rivals when I was doing a courtship stunt," said the sad-eyed passenger.

"And did you land the prize?" queried the hardware drummer.

"Well, I never looked at it in that light," replied he of the sad eyes, "but I married the girl."—Chicago Daily News.

A Good Tonic

For Sick Women

Of course, well people don't need a tonic. But sick people, and especially sick women, frequently do. That feeling of weakness, tiredness, or languidness, that seems to make every movement or thought an effort, is much more than merely disagreeable. It is a sign of dangerous weakness, and should be promptly treated with Wine of Cardui.

Mrs. Annie Vaughan, of Raleigh, N. C., writes: "I cannot find words to express my deep gratitude

for what your wonderful medicine Wine of Cardui did for me, for I sincerely believe it saved my life.

"I was sick and worn-out, almost unto death. My sister finally persuaded me to take Cardui. Before I had taken five (5) bottles, I was well and strong." Try Cardui. "It will help you."

CHURCH BLOWN

FEELING WAS STRONG, BUT DESTRUCTION UNEXPECTED.

Threats Had Been Made Against the Elders by Parents Who Objected to Hold.

Montreal, Ga., Nov. 5.—A Mormon church located at this place was blown to pieces with dynamite last night shortly after 10 o'clock by unknown parties. At midnight two hours after the destruction of the church, four Mormon elders, who had been in charge of the services at the church, left town hurriedly, and today their whereabouts are unknown. It is supposed they went to Atlanta, where they were located prior to making their home here.

Feeling against the Mormon church, which was only recently established here, has been quite strong, but it was not thought it would reach the point where the destruction of the church was contemplated.

Some of the men living near the church left their beds and made an investigation, with the result that it was seen that the church was a mass of splintered wood. Threats had been made against the Mormon elders, and it is supposed that the dynamite was planned to run them off. These threats were made by husbands and fathers who strongly objected to the hold the Mormon elders were getting on the women of the community.

One Thing Sure.

A young lady whose beauty is equal to her business in conversation was visiting a house where other guests were assembled, among them the eldest son of a rich manufacturer. The talk turned on matrimonial squabbles. Said the eligible party: "I hold that the correct thing for the husband is to begin as he intends to go on. Say the question was one of smoking. Almost immediately I would show my intentions by lighting a cigar and settling the question forever."

"And I would knock the thing out of your mouth!" cried the imperious beauty.

"Do you know," rejoined the young man, "I don't think you would be there."—Everybody's Magazine.

DEATH UNITS DIVIDED COUPLE

Son's Tragic Death Causes Divorced Parents to Become Reconciled.

Philadelphia, Nov. 1.—Over the body of their son, whose sudden death had brought them unexpectedly together, George Neiman and Louise Neiman, who have been divorced for two years, were reconciled in the mother's house, 5304 Chester avenue. Their son, Dr. J. Howard Neiman, a resident physician of the Home of Incurables, died in the afternoon after mistaking aspirin for codeine, which he was taking for a cold.

The young doctor had been out on an ambulance on Broad street during Founders' week and contracted a heavy cold. He went to the pharmacy of the home and, after complaining of his ailment to a nurse, took down a bottle that resembled the one containing codeine. He swallowed a large dose and went away without looking at the label.

When a peculiar dizziness came over him several hours later he consulted Dr. Ralph Lavenexon, the chief resident. As the latter was making an examination the young physician fell over unconscious. In spite of the efforts of three doctors he died shortly afterward.

The body was taken home, and among those who called was the father, who, for the first time since his separation from his wife, entered the same house that she was in. The parents viewed the body together and afterward fell into each other's arms weeping. In a short time they decided to patch up all differences and remarry.

Dr. Neiman was engaged to a

It's a Good Sound Common Sense Policy

To use medicines only of known composition, and which contain neither alcohol nor habit-forming drugs. It is foolish—often dangerous to do otherwise. The most intelligent people, and many of the most successful, conscientious physicians, follow this judicious course of action. The leading medical authorities, of all schools of medicine, endorse the ingredients composing Dr. Pierce's medicines. These are plainly printed on wrappers and attested under oath. There's no secrecy; an open publicity, square-deal policy is followed by the makers.

Dr. Pierce's Favorite Prescription

THE ONE REMEDY for woman's ailments, sold by druggists, devised and gotten up by a regularly graduated physician of vast experience in treating woman's peculiar diseases and carefully adapted to work in harmony with her delicate organization, by an experienced and skilled specialist in her maladies.

THE ONE REMEDY for woman's ailments, sold by druggists, which contains neither alcohol (which to most women is the rankest poison) or other injurious or habit-forming drugs.

THE ONE REMEDY for women, the composition of which is so perfect and good that its makers are not afraid to print its every ingredient, in plain English on its outside bottle-wrapper, and attest the correctness of the same under oath.

We have a profound desire to avoid all offense to the most delicate sensitiveness of modest women, for whom we entertain the most sincere respect and admiration. We shall not, therefore, particularize here concerning the symptoms and peculiar ailments incident to the sex for which Dr. Pierce's Favorite Prescription has for more than 40 years proven such a boon. We cannot, however, do a better service to the afflicted of the gentler sex than to refer them to Dr. Pierce's Common Sense Medical Adviser, a great family doctor book of 1000 pages, bound in cloth and given away gratis, or sent, post-paid, on receipt of 31 one-cent stamps—to cover cost of mailing only. All the delicate ailments and matters about which every woman, whether young or old, single or married, should know, but which their sense of delicacy makes them hesitate to ask even the family physician about, are made plain in this great book. Write for it.

REPUBLICANS HAVE LARGE MAJORITY

President Taft Will Have a
Friendly Congress.

Republicans Will Have a Big Working
Majority in the Lower
Branch.

WITH NO WILD LEGISLATION.

Chicago, Nov. 5.—The senate will show practically no change in political complexion, the Republicans retaining a large majority. In Oregon, a Democrat was given the endorsement for United States senator, and if the legislature carries out the will of the voters as expressed at the primary in that state, the Republican majority will be decreased by one in the senate. Otherwise the indications are that the political strength of the two leading parties in the upper branch of congress will remain as heretofore.

The terms of thirty-one senators expire March 3. Louisiana and Maryland have already elected Democrats, and Vermont and Kentucky have chosen Republicans, and of the remaining twenty-seven members to be elected, the probabilities are that fifteen will be Republicans, and eleven Democrats. Indiana, which elects a United States senator, is considered doubtful as to the complexion of the legislature.

The membership of the senate is ninety-two, the hold-over members numbering sixty-one (forty-three Republicans and eighteen Democrats). The election of seventeen Republicans and thirteen Democrats, as seems probable from the returns giving the make-up of the various legislatures which elect senators, would show the strength of the two leading parties in the senate to be:

Republicans, 60; Democrats, 31; doubtful, 1.

CURES CATARRH.

W. B. McPherson Will Furnish the
Medicine Free in Every Case Where
It Fails to Cure Catarrh.

Neglect or pessimism we believe is the greatest enemy the public have to contend with when applied to the loss or recovery of health. Practically every case of consumption might have been cured if hope had been maintained and proper treatment had been resorted to at the first symptom of the disease. Until the advanced stage is reached, consumption is curable. Catarrh is responsible, we believe, for every case of consumption. It is about Catarrh we want to talk to you today, incidentally consumption, since the two are so closely allied.

We have a medicine made from the prescription of one of the most successful catarrh specialists known. This medicine has a record of 98 per cent of cures, and we believe it is positively without an equal. We are so satisfied that we are right, that we will supply the medicine free in every instance where it is used according to directions for a reasonable length of time and fails to cure and give satisfaction in every particular. We want everyone in Paducah to try this medicine at our risk. There are no conditions or formalities attached to our offer. We put the user under no obligation to us whatever.

The medicine we want you to try is Rexall Mucu-Tone. It is a catarrh remedy that goes direct to the seat of trouble. It is carried by the blood to every part of the system. It seeks out and destroys the germs or parasites which cause Catarrh. It purifies and enriches the blood, tones up the Mucu-cells, soothes and heals the tissues that were ravaged by the catarrhal parasite, and brings about a condition of health and strength that prevents the germs of consumption from ever getting a start. Besides this, Rexall Mucu-Tone is a wonderful appetizer, digestive aid and flesh builder. Its good effects are felt from the very first dose. It is one of the largest and most satisfactory selling medicines that we have ever had anything to do with. We know so much of the great good that it has done that we personally back it up with our reputation and money, which fact should be ample guarantee to satisfy anybody.

Rexall Mucu-Tone comes in two sizes, 50c and \$1.00. We urge you to try it. W. B. McPherson, Drug-gist, Paducah.

CONFERENCE

HELD AT BROADWAY METHODIST LAST NIGHT.

Stewards Elected at the Fourth Quarterly Meeting After Prayer Service.

Fourth quarterly conference was held last night at the Broadway Methodist church after the prayer service. The Rev. J. W. Blackard, D. D., presiding elder of the Paducah district, presided. The reports from all departments of the church were excellent and showed a magnificent gain over last year.

The conference passed unanimous resolutions to be carried to the annual conference, which convenes next week at Covington, Tenn., asking the return of the presiding elder, Dr. J. W. Blackard, and the pastor, the Rev. G. T. Sullivan. Dr. Blackard has one more year on the district in the Methodist time-limit of four years, and this is Dr. Sullivan's first year at Broadway. Both have done a splendid work and are men of superior executive ability and gracious personality as well as preachers of spiritual force and power.

The annual conference will be invited to come to Paducah next year. This was decided at the conference last month and Dr. Sullivan has had cards sent to all the delegates of the approaching conference asking their co-operation in the invitation. The Broadway church will be represented by Dr. Sullivan and Mr. B. H. Scott at Covington.

Noted Turf Expert Dies.
New York, Nov. 5.—Henry C. Crickmore, widely known among turf men and author of "Kirk's Guide to the Turf," died of pneumonia in this city today after a short illness. Mr. Crickmore's wide acquaintance among racing men arose from his having of-ficiated as clerk of the scales at many of the large race tracks throughout the eastern section of the country. For many years he was regarded as an authority on racing records. At the time of his death he was clerk of the scales for the Westchester Racing association, the Coney Island Jockey club and the Washington Jockey club, and was secretary of the National Hunt and Steeplechase association. He was 70 years old.
